

Amendments to the Specification

Delete the present title and substitute therefor:

-- Contactless ~~Hall Effect~~ Push Button Switch **Comprising a Hall Effect Transducer**
and Microprocessor --.

Amendments to the Drawings

Please consider the attached drawing sheet, comprising amended Figure 2 and unamended Figures 3-4, as a proposed replacement drawing sheet.

The enclosed replacement drawing sheet include a change to Figure 2. For the convenience of the Examiner, the change compared to the originally filed drawing sheet has been circled on the attached markup version of the drawing sheet. For the record, the sole amendment to Figure 2 is that the box numbered "1" in the middle of the Figure has additionally been labeled as "Contactless Programmable Push-Button". Figures 3 and 4 have not been amended.
